Tradition means responsibility.

ORANKA has a tradition stretching back many decades.

The name was entered on the brand register as long ago as 1938. ORANKA is founded in Schleswig in 1949. From this point on, "ORANKA - die Fabelhafte" ("ORANKA - just fabulous") is a phrase on everyone's lips in northern Germany.

What began as a regional enterprise is now an international success.

We develop and produce fruity drink concentrates of brand quality and set standards in communal catering with our innovative ideas and patented ORANKA drinks system.

ORANKA. The system for fruity, healthy enjoyment.

ORANKA sustainability.

A focus on what matters.

ORANKA sustainability

With ORANKA products, you are taking the green option from start to finish. Because we attach great importance to environmental protection and take our ecological responsibility as a manufacturer very seriously. Our business philosophy is simple: we focus on what matters.

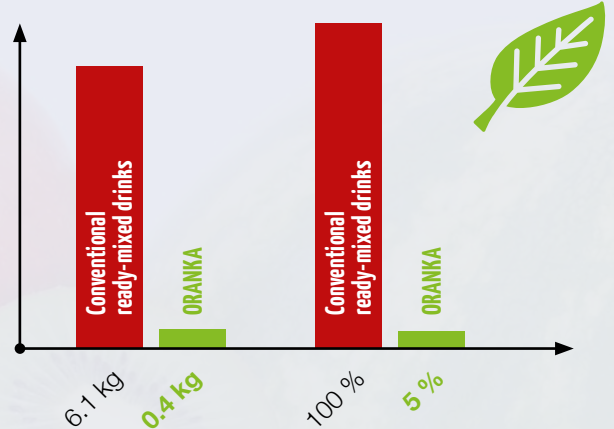

By using our drinks concentrates in aseptic recycled packaging, we achieve **savings on packaging of up to 95 %** compared to ready-mixed drinks. This leads to a **noticeable reduction in production, storage and logistics costs** and thus ultimately to a **drastic reduction in greenhouse gases**. This is also part of what we mean by brand quality, as environmental protection involves us all.
